I Love My Hearing Aids

Blair Post, HAS, BC-HIS, ACA

Board Certified Hearing Instrument Sciences
American Conference of Audioprosthology

Being a small business owner, it's important for us to know how new clients find us. So, whenever someone new comes in, we always ask, "How did you find us?"

During COVID-19, most people said they found us "online" since we couldn't meet in person. Now that we can be together again, many new clients are saying things like, "My neighbor told me I should see you because I wasn't hearing well."

One of my favorite stories came from a new client, Betty. When I asked her how she found us, she said, "I overheard my friend, Shirley, saying she loves her hearing aids." Betty said this because Shirley talked about her hearing aids in a positive way, which made Betty want to try them, too.

Betty explained that she often heard people complain about their hearing aids, especially when they had trouble understanding conversations in groups. But Shirley was at a line-dancing class and, while talking to someone else, said, "I love my hearing aids." This made Betty curious.

So, Betty walked over to Shirley and asked, "Who helps you with your hearing aids?"

When I heard this story, I felt so happy to know that Shirley's hearing aids worked well for her. Our goal is to help people hear clearly in groups. Knowing we helped Shirley hear well enough to enjoy a dance class and even tell others she loves her hearing aids is a huge success for us.

If you have trouble hearing conversations clearly in crowds, give us a call to try a free hearing aid demo. You might even find ones that you love.

HISTORY CLUB PRESENTS:
FROM SCANDAL TO SUCCESS: JACK NORTHROP'S FLYING WING BOMBERS

Date: February 16, 2025
Time: 7 pm
Location: Craft room

A century ago, aircraft designer Jack Northrop began dreaming of an all-wing aircraft, a pure wing unencumbered by traditional fuselage and tail. Many thought his designs were too radical, and his giant Flying Wing bombers were canceled and then destroyed following World War II.

In this presentation, you'll learn the truth about why Northrop's flying wings were canceled, and how they came to be reborn in the form of today's stealth bombers, the B-2 and B-21. Our speaker, GP resident Dr. Bud Baker, has spent the last 45 years studying and working with Flying Wings, including his 5-year stint as an Air Force program manager for the B-2 Spirit stealth bomber.

BREATH & STRETCH

TUESDAYS
7:15 PM TO 8:15 PM

Join us for a relaxing 60-minute session combining gentle stretching, yoga, and mindful breathing to improve flexibility, strength, and balance. ✨

Perfect for all levels — no equipment needed, just bring a yoga mat and comfortable clothing. Move better, breathe deeper, and find your calm
