NEWS FROM THE COMMUNITY OFFICE:

As we continue to increase our resident, guest, and visitor load, we would also like to point out a couple of Silver Dollar rule reminders:

10mph speed limit – Please obey the speed limit! No speeding! Please watch for others.

Parking – all vehicles must be parked at the resident's home or in the overflow golf/restaurant parking lots. Parking at the pool area is only for the use of the swimming pool. Overnight parking is not allowed in the swimming pool area.

Trash compactor - Please do not leave any trash or furniture outside at the compactor or dumpsters. We are having continuous issues of people leaving their trash, debris and furniture outside of the compactor, ever increasing the workload on maintenance who then must pick up residential trash daily.

Pet owners- Dogs must be always kept on a leash and are responsible for removal of pet "waste".

Driving Golf Carts- You must be at least 16 and have a valid Driver's License to drive a golf cart anywhere on the property including the Golf course.

Storage- If you plan on putting a boat, or trailer in our storage area you must first come to the office to notify us and to complete a storage agreement. Subject to availability.

SPRING CLEANING IN THE FALL

It will soon be time for our northern residents to arrive back to the Silver Dollar.

The landscapers have been busy keeping the grass mowed.

Whether you are full time in Florida, or you have just returned, please look at your flowerbeds, trees & palms as they probably need some trimming & weeding. Perhaps your home needs to be washed.

BEGINNING SEPTEMBER

We will be conducting 360-degree inspections of all properties and home sites to ensure compliance with the standards set in our Rules and Prospectus. This helps in bringing a more unified approach to maintaining the aesthetics of the park. This process will continue throughout the year to ensure ongoing compliance.

NEWS FROM THE GOLF COURSE

This past month at Silver Dollar we aerated, vertically-cut, the Greens to help with compaction moisture retention and airflow in the root zone. The seven bad Greens have

been planted with sprigs to speed up the process of their recovery. Coming up next month, we will be rolling those new greens to start compacting the soil and leveling the Greens out. We will also start a growing fertilizer program so that roots shoot farther helping spread the turf growth, so that we have the same consistent play surfaces on all of our Greens. The golf course has been rerouted to allow for this process to take place.

Thank you and have a great day
