## FROM YOUR PRESIDENT

Hello Neighbors,

Well, we are heading into the “dog days” of summer, with extreme temperatures matching the high humidity. At this time of year, it is important to take care of yourself. and be mindful of our neighbors. Stay hydrated and try to avoid any strenuous outside activities in the middle of the day.

Since we do not have our monthly community communication meetings in the summer,

I will try and use this space to update any old business from our May meeting. The north spa item for repair is on order as of today, June 9, but hopefully by the time this newsletter is delivered the problem has been resolved. The fire hydrant near the north pool has been repaired. The new stove for our clubhouse should be in by the end of June, so, again, hopefully this will be completed when this is read. The Cintas contract has been renewed, and the north pool defibrillator has been added and will be installed.

No update was given on road resurfacing. Quotes are being received to correct the issues on the clubhouse deck. The only black box items involved change of address/phone numbers.

As a reminder, you can use the black box in the

clubhouse hallway to present issues that you feel the board should address. As always, issues involving Sun responsibilities should be presented to the on-site Sun management, and if you are not satisfied with the result, we as a board are your advocates and will always do what we can to help resolve the issue.

In closing, with the snowbirds gone, event attendance is limited, but it is a good time to congregate and enjoy the company of those neighbors that you might not normally have a chance to talk to. We have a few events planned for July, so check the calendar and plan on joining us for some fun.

Stay cool,

John Lane

HOA President

## THE ROPE

There were 11 people hanging from a rope under a rescue helicopter.

Ten men and one woman.

The rope started to fray, so they all agreed that one person should let go because if they didn't, the rope would break, and everyone would die.

No one could decide who should let go.

So finally, the woman gave a really touching speech saying how she would give up her life to save theirs because women were used to giving up things for their husbands and children and giving in to men was part of being a wife.

After all, men were the superior sex and must be saved at all costs.

When she had finished speaking, all the men clapped.

**NEVER UNDERESTIMATE THE POWER OF A WOMAN!**
