SOMETHING NEW FOR LA CASA!

AN AFTERNOON AT THE PUB WITH BRIGID'S CROSS

WED. - APRIL 4, 2012  3:30-6:00  $3.00 AT DOOR
An Afternoon at the Pub with Brigid's Cross

Wednesday, April 4th, 2012
3:30 to 6:00
$3.00 at the door

Though this may sound different, it will be just like a happy hour, only in LaCasa’s Pub. The Rec Hall, as we usually have it, will take on a new setting, not like the way it’s always been, because Brigid’s Cross is not your "the way it’s always been" band.

Brigid’s Cross is a husband and wife team from the Cleveland Ohio area. Made up of Paul Baker and Peggy Goonan-Baker, they bring a collection of different music to the stage from the true heritage traditional music, to contemporary pieces.

Peggy and Paul pull audiences in with humor and pure musical sound that keeps their fans coming back for more. Paul, a classical violinist who has played professionally for over 30 years, plays a wide range of styles on the violin, and is the band’s personable Master of Ceremonies. Peggy adds to their sound with keyboard playing and fantastic bodhran playing. Peggy also has some hidden talent, "the beer fountain", and maybe we'll see her do it right here on our stage.

What can you expect when Peggy and Paul perform? Well, let me take a quote from their website. "Think Ralph and Alice Kramden from the Classic TV show 'The Honeymooners' meeting the Captain and Tennille". Enough said!

Don't miss the Afternoon at the Pub, Wednesday, April 4th, 3:30 to 6:00, and don't forget BYOB - - after all, it's a pub!

What Does a Therapy Dog Do?

In answer to many questions at the Health Fair, Don Miller writes the following:

There are different types of service dogs that work in the system. There are dogs that help the blind; dogs that alert people to a medical problem they may be having; dogs that help disabled people to function in daily requirements; dogs that give love by being held by patients, which in turn gives them comfort and a smile and fills that empty feeling that they all have when no one comes to visit them. This is what Roxy (Dee & Don’s therapy dog) does. At the Hospice Houses she gives them some love by being at their side and sometimes you see a tear that tells you that they know the dog is there before they reach their end. That is the reward of a Therapy Dog.

More Golf News!
Submitted by Jeff Burnham - LaCasa Golf Club

Hey!! It’s really a fact! Seniors RULE!! Thursday, March 1st, Don Senior shot his age. Age will not be given, but his score was 83!

Monday, March 5th he had a HOLE-IN-ONE at Pinemoor Golf Course on Hole #5. His spectacular feat took place using his 5 wood with a Titleist ball which carried 140 yards from tee to hole. That’s the top of the mountain for all golfers. Congratulations, Don!

Another late FLASH! from the Golf Club!

Pat Chirdon, age 76, shoots 73 and makes a HOLE-IN-ONE on Hole #16, 165 yards. Second hole-in-one this week for LaCasa residents at Pinemoor!! What are the odds for this?

This is a hole most players rarely get on in regulation. Congratulations, Pat, and thanks for the cold beer!

An Open Letter to La Casa Automobile Owners
Submitted by Tom Smith

Instead of following our Rules & Regulations, basic driving rules, or anything else that might approach common sense, let’s all follow the driving practices of our bicyclists and golf cart drivers. Mimic them. Shoot thru stop signs and don’t look either way or only look in the direction you want to go. Use ear covers with blaring music so you can’t hear cars coming. Ride anywhere in the road you want, left side, right side - it doesn’t matter. Don’t use signals, and for goodness sake, learn to rely on the fact that a park load of senior citizens in various states of alertness will not run over you!

Welcome to LaCasa
By Shirley Barnes and Caren Kams

Bud and Cheryl Cattell and their sweet dog, Zoe, Marie, 421 Villa Nueva, [484] 363 1424 are from Gilbertsville, PA and found out about LaCasa through a resident who just happened to be in Burger King one day. Bud was a music teacher in the Wyomissing School District for thirty-six years and taught every level from kindergarten through High school. He said that the toughest transition was going from the kindergarten to the high school level. He retired from teaching in 2001 and they spent the past several years living in the Punta Gorda area. Cheryl was an LPN and worked in a nursing home for years before retiring in 2001. At one time they had a tree farm with 4,000 trees on it and they did all of the pruning and maintenance on the farm. They have two children, three grandchildren and one great-grandchild. Cheryl likes knitting, crocheting and gardening and if you take a look in their back yard you can tell that she really enjoys the gardening. In the past Bud was a director of a church and a bell choir. He is very interested in photography and computers and they both belong to an Airstream Travel Club.

Jim and Ulla Wettstein, 418 Bravado, 952-797-4149 are from Trego, WI. They bought here recently and also have an adorable dog named Ewen. Jim taught physical science in middle school for many years and then continued to teach it at the high school level before retiring in 2003. Ulla was an administrative assistant for a paving and roofing company before following Jim’s lead and retiring from her position in the same year. Jim and Ulla have five children and nine grandchildren. Jim and Ulla both like hiking, camping and biking together, and if you have seen a couple riding through the park with a cute dog in a basket that is them. Jim is into woodworking and at one time rebuilt a whole house with just a shell of the house in place to begin with. Ulla also likes gardening.

Gary Hiltz and Liz Tomiolillo, 329 La Rosas, [781] 985-1020 are from Hull, MA. They have visited the area for four or five years before deciding on LaCasa. Gary is the owner of a three generation construction company in MA. In fact he generously built and donated a platform for the present director of The Voices of LaCasa. Liz has done bookkeeping for years in the state of MA, and in fact still works with Gary and for an architect in Venice doing their bookkeeping. They have five children and three grandchildren between them. Gary is very much involved in remodeling, he also...
Welcome to LaCasa
By Shirley Barnes and Caren Karns

likes fishing and has done a lot of scuba diving in the past. Liz has joined The Voices Of LaCasa and is a great asset. They both enjoy the swimming pools where they relax when they aren’t busy volunteering in many things in the park.

John and Geri Padulo, 643 Los Altos, 445-9406 are from Ontario, CN. John and Geri rented in LaCasa last year and then decided to buy here in November. John was a high tech executive in telecommunications and retired in 2007. Geri was an executive assistant for an engineer in telecommunications. They have two children and three grandchildren. John likes golfing, bowling, playing bocce, gardening and cooking. Geri very much enjoys the pool exercises in LaCasa, bocce, crafts and her grandchildren.

Morry and Linda Wiser, 239 Hibisco, 574-612-2821 come to us from Elkhart, IN and have lived in the park for about a year with their beautiful white cat named Louie. Morry was an automotive engineer and Linda was a corporate reporter and they both retired from their jobs in 2003. Together they have six children, eight grandchildren and three great grandchildren. Morry likes darts, and bowling where as Linda likes billiards, Bunco, and is a volunteer at our library. Both Morry and Linda, like tennis, cards, and line dancing and they both hope to eventually play bocce.

Ralph Thurnherr and Nancy Novak, 441 Madre, (716) 696-2327 are from Batavia, N.Y. They have been looking in LaCasa for awhile and the Barnes’ were fortunate enough to have them move next door. Ralph just retired on February 29th from Occidental Chemical. He worked there for many years as the tool crib manager. Nancy taught special education, junior high and high school, students in the Holley School District for many years before retiring in 2009. She is presently working in the advisement office at Genoese Junior College but will be leaving there in May so that she can also enjoy retirement with Ralph. They have four children and four grandchildren between them. Ralph is a collector of old cars and has many but says that he hasn’t been retired long enough to know what else he would like to do for fun. Nancy is an avid reader and is very interested in the quilting club and trying to play tennis. They do like camping together and have had a cottage for many years.

Memorial Reception Committee
Marilee Taylor 426-3159

There were no Memorial Receptions in February, but thanks to Jana Scheithauer for being available to hostess. As of this writing in March 2012, there has been one reception with Mary Borst serving as hostess.

On March 6, 2012, Gary Dinges passed away after a bout with cancer. His life was celebrated on Saturday, March 10th with a luncheon at the Club House following a service at Living Waters Church. Many LaCasa friends and nearby family were in attendance. Also present were his daughter from Illinois and son from Missouri. Unable to be here, his son from Illinois visited with his Dad during the holidays. Gary and Pat, his wife of 56 years, spent many happy years in their LaCasa home at 321 La Rosas.

Thanks, Mary, for hostessing, the many sandwich ladies, the tents for setting up tables and chairs, and the kitchen helpers. A job well done by many working together in the true LaCasa spirit. This effort is most appreciated by the family during their time of loss. Any who would like to volunteer for this committee can call Marilee Taylor at 426-3159.

---

LaCasa Sunshine Committee

The LaCasa Sunshine Committee consists of Ernie Phillips, who sends residents beautiful Get Well and Sympathy cards, and Shirley Paro, who visits our shut-ins on a regular basis, bringing them small gifts, a visit, and a bit of cheer.

If you know of anyone who should receive a card, please phone Ernie at 426-4140. If you hear of someone who needs cards by way of your being Sunshine Chair for your club or organization, please let Ernie know so a card can also be sent from the park. If you know of some who is sick and shut in, please phone Shirley Paro at 426-0799.

It's amazing what this little gesture can do, but the Committee can only do their job if they get their information from you. Thanks for your help.

Thank You

To all my wonderful friends in LaCasa -- thank you for everything.....

Even if every flower in the world had a voice
   I couldn't send as many as it would take
   to say thanks enough!
   The world's a better place
   because of my friends in LaCasa
   who take the time to do nice things
   the way that you all do.

I would thank you all from the bottom of my heart,
but for all of you my heart has no bottom.
   More than you can imagine or even comprehend,
I thank God for all of you, my very special friends!
Although I haven't had the chance to say "thank you" until now,
I've thanked you all a hundred times in my heart.

What wonderful friends I have in LaCasa
I am truly Blessed.

   Jean Warner

Thank you to all who sent cards, flowers, food, driving me to and fro, and extended a helping hand during my recent Rotator cuff surgery. Fortunately, I came through better than even I expected. Except for the recovery where my arm is still tied down - I am doing very well.

   Ilene Riley

Dear Friends,

Thank you to Barb Donaldson and the tennis ladies for organizing such a great luncheon for my Bernie. You were able to contact our friends from Florida so they could also be here with us. Thank you for all the cards and all the food our friends and neighbors provided for our family. It was greatly appreciated. To all our friends and neighbors who dropped by to give my family and I support, comfort and lot of love. For everyone who prayed for me getting through the tough times and also the flight back home to Ottawa. I'm blessed with LaCasa friends and neighbors. You really are family. That is the reason we fell in love with LaCasa. Such a great place to be. I sincerely appreciated all the people involved, and God bless all of you. Thank you.

   Terri Raymond

Thank you to all my friends and neighbors who helped me out following my recent accident, especially Wally and LuAnn. Thanks again.

   Jeanne Klein

We would like to thank our friends here in LaCasa for the many cards and support they have given us following the death of our son-in-law.

   Wesley & Connie Briand

To my LaCasa family and many friends --
I would like to thank you for the many cards, prayers, and thoughts for my speedy recovery from 2 hospital stays. One for blood infection and for my Pacemaker surgery.

A special thank you for our meals from Joan Howe, Dottie Freiler and Bruce Morton. Thanks for the flowers from Joyce McGee and Bruce and Sue Morton and a very special thank you for the prayers and cards from the Euchre Club.

All your prayers and cards worked, as I'm on the mend and doing well.

   God has sure blessed us with our LaCasa family.

   Marlene and Bob Butkin

Here we go again! Who would have thought?? On February 24 at 4:00 am, Bob was back in emergency for three surgeries on his left leg. At least he had a great birthday on the 23rd!!! Late Sunday, March 4th, after one more procedure, he was released.

The phone calls, the visits, the cards...where to begin!!! Bob and I have made such wonderful friends in LaCasa. Even though we missed the Moose Cruise to Cozumel that Bob had put together with friends, our thoughts were with you. We feel very blessed with your friendships. Thank you LaCasa.

   Alene Huthman and Bob Anderson
Thank You

I want to take this opportunity to thank all my friends in LaCasa for their prayers, thoughts, phone calls, cards and delicious goodies that have been sent to me. These gifts have helped me through a difficult period. To name all the friends would be impossible without leaving out someone. So let me just say, from my heart, THANK YOU LA CASA. Your gifts, the radiation, and the chemo -- it's all working!!!!

Bob Joziak

How do I ever thank everyone for their kindness and support through these past few months and at Gary's final time on Earth? This is an unbelievable place to be when you need this support. Everyone steps up and is with you every minute with words, prayers, tears and hugs. Since my children have been here we have had meals prepared that are over the top! Besides that we can had so many delicious cakes and cookies, etc., brought to us. The luncheon after the service was absolutely wonderful...the Memorial Committee and Marilee are great! Thank you, thank you from the bottom of my heart to all of you.

Love you all, Pat Dinges

Some Special Thanks

We have many people to thank - the hard-working cheerful grandmothers who priced, set up, and sold our donations at the Tennis Club Trash and Treasure Sale; Ed and Connie Listman and Nick Gural, who packed and delivered all of it to the hall in their vans, and the Tennis Club volunteers who helped us at the hall. We appreciate all of you wonderful people.

Co-Chairmen for Grandmothers Club

The Veteran's of LaCasa wish to thank all the volunteers and all who attended our 1st annual Veterans Breakfast. Because of you it was a success and a great time.

A BIG BIG BIG THANK YOU

How can the Voices of LaCasa ever thank this most generous community for their financial support during our "Patron of the Voices" fundraiser this winter season? We are overwhelmed with your generosity, your enthusiasm for our organization, and your ongoing support at our concerts! We plan to continue bringing LaCasa entertaining programs for many years to come -- who knows, maybe another three decades!! Again--heartfelt thanks from all of us.

Time goes by so fast, here we are into April. Our last meeting for the year will be here shortly, and many of us will be leaving for our summer quarters.

I'm very proud of what we have accomplished this year.

1. Veterans Day Ceremony with Medal of Honor Recipient.
2. Veterans Day Dance.
3. Veterans Decorating Lake for Christmas.
4. Participating in Tennis Club Trash & Treasure Sale
5. Veterans Breakfast - Very successful!
6. Ceremony with Voices of LaCasa for performance of "Liberty"

Most of what we have done will be a yearly project and the help putting on the functions was very good. I thank you all.

A small thank you to all veterans who have supported our group. I say "small" as I believe it is our God-given right to be a part of this fine group of men and women who served their country when they were called to do so, so whether wartime or peacetime, you served. Now stand and be recognized. If you are a veteran, please come out to our meetings. We are getting better and it's always nice to talk to fellow brothers and sisters who have shared your military experience. See you at our meeting on April 16th.

LIBERTY: A Musical Celebration of Freedom! Certainly hope you did not miss our Spring Concert on March 30, 2012, directed by Jean Walker and accompanied by Pamela Lothes. Many fun sons such as "Yankee Doodle Dandy", "Home on the Range", "Dixie", as well as some lovely patriotic numbers, including a beautiful arrangement of "The Star-Spangled Banner", reminded all of us of the great country where we live. Anne Carpenter singing "America the Beautiful" and "Johnny Has Gone for a Soldier" sung by Roland Petit were quite moving, as was the narration by Sally Smith. And we must not forget Bob Bourgette delighting us with "Fifty States in Rhyme" -- not his first time performing this tune, but always a show-stopper! And once again we enjoyed our LaCasa Happy Tappers as they tapped away to "Boogie Woogie Bugle Boy" and "In the Mood"!!

We were most thrilled to have our own Veterans of LaCasa participate during the "Salute to the Armed Forces" medley carrying their respective flags. Carrying the United States flag was Richard Costa (Navy); Ed O'Brien (Air Force); Bob Jozwiak (Coast Guard); Dale Flesher (Army); Joan LaRue (Navy); and Skip Libby (Marines). We were proud to honor our Voices of LaCasa and auxiliary members -- ARMY: Bob Bourgette (WW II), Larry Brazee, Bob Palermo, Jerry Wegener, Tom Smith (Korea); NAVY: Bill Bentley (WW II), Larry Morris, Roland Petit (WW II), John Koerber (Korea), Clint Van Tassel (WW II); MARINES: Hank Moshano (WW II). Thanks to all of you, the veterans in our audience who stood to be recognized, those who have served and those presently serving for "America, the Greatest and Best"!

More than 125 residents participate in the daily phone call program. Those who call and those who are called greatly appreciate the daily contacts. If you would like to be part of this program, just call Norma Beach (423-5608) and she'll sign you right up!

And don't forget "No climbing on chairs or ladders" - forms for arranging for help with chores such as fan cleaning, taking down curtains, etc., are available in either hall. Just fill one out and you'll be taken care of.

Breakfast with the Ladies of LaCasa

The next Ladies' Breakfast will be Tuesday, April 3 at the Olde World Restaurant at 9:30 am. Please remember to call Gail Fryer (426-2137) by noon on Monday, April 2 so that she can make reservations for all. Come enjoy meeting new people, renewing old friendships and enjoying breakfast with friends.
LaCasa Quilters
by Dotty Benson

The La Casa Quilters have had a very busy month. We began with our monthly luncheon and then did different activities each week. We began by Annette LeBlanc teaching us how to make anti-ouch pillows for the Susan G. Komen Cancer Group of southwest Florida. These pillows are included in the Project Hope Bags and given to ladies recently diagnosed with breast cancer. The La Casa Quilters have made over 35 of these pillows so far. The committee was very happy to receive them.

Mary Alice Pollard taught the quilters how to make a simple placemat that could have blackboard fabric in it for children to draw on while waiting for their supper. We then learned how to design quilting patterns using a small template we made. Apple core, tea cup and clam shell were some of those patterns and then we quilted them using the Sashiko /Big Stitch Method. This was followed with making small thread catchers for use next to our sewing machines or when doing hand sewing. The group wants to give a very big thank you to Kevin Clifford—no he didn't make one— for cutting over 60 rings for us to make these catchers. Thank you Kevin for all your help—we could not have done them without you.

Our newest project is a recycled project. Marilyn Noeker is teaching us how to make an apron from a man's shirt. The apron is good for men, women and children. This will be followed with a Bed Runner Project. We will learn how to design our own pattern using our favorite quilt block design and then how to machine quilt the bed runner. Another project we will try is a stash buster project (not that any of us has a stash) called Ying-Yang.

The La Casa Quilters is open to all—renters or owners—men and women. We meet every Monday morning at 10 o'clock in the club house. Call Dotty at 423-0164 for information.

Crafts
By Rose Roy Albers

April is a slow down month for the crafts in the park. It's the last month before I go on a summer break. It's been a busy season. It's been a great season! We will continue in future months to enjoy socializing and sharing ideas while working on projects we need to finish or improve. The craft group continues (in a small group) through the summer. However, this summer depends on whether we will have access to the clubhouse. I believe the clubhouse is scheduled for a remodeling.

Donations flooded in from relatives of Ted Mader and Vera Zotter. I have been distributing them to where they could be used; to the lake decorations, to the shut-ins, to the craft group and to housekeeping. I have more to rummage through. As I do, I find more people that would like to be added to my "give to" list. Sometimes, I feel Vera next to me telling me just who to give her things to. Silly, I know, but later I wonder why I thought of this person or that. On behalf of all those people I gave things to, thank you (and I always get a big happy smile).

This And That

I can see by the last issue of our LaCasa Newspaper that our "Snowbirds" thoughts are beginning to turn to that other home in the northern climes. States' parties are happening here and plans are being made for LaCasa reunions up north. I hope that you take many happy memories with you and think of those of us who stay behind.

It's been a banner year -- 40 acre wise. We are at last whole! Life is good as always in our LaCasa. I just took a cruise on a ship called "Paradise", but I know where the real paradise is -- right here.

Don't forget us, stay healthy, and return soon. Writer Edna Buchanan says it best.

"Friends are the family we choose for ourselves."

As ever,

"Since my house burned down I now own a better view of the rising moon." Mizuta Massahide.

He chose to see something good in a bad situation. We make choices every day; some are not as important as others. Our friend has liver cancer and she's decided to play golf instead of treatment. She plays golf every day and has decided to finish her life doing what she loves to do. I think she made a good choice for her.

I just finished a mystery novel. Part of the plot takes place in the 1920's, the parents decide not to give their children the vaccine for Diphtheria and all four children died. They were frightened of the "new" vaccine. We all try to do what's best but it's not always easy to know what is right.

There's a TV show on Friday night called "Who Do You Think You Are?" Last week genealogists helped Reba McIntire find her ancestors. One of hers was a nine year old boy who came to American as an indentured servant. The mother had died and the father probably thought this was a chance for the boy. How hard would it be to put a nine year old on a ship and know you would not see him again or maybe not know what happened to him?

Our ancestors must have wondered what would happen to them when they reached America. Some of the countries my ancestors left had some pretty hard times. So I think they made the right decision.

We made a good choice when we purchased in LaCasa in 2004. We've never been sorry. I enjoy meeting new owners in LaCasa knowing how much they will enjoy living here. "It is our choices that show what we truly are, far more than our abilities." J. K. Rowling

Football Hall of Famer George Halas played his entire Major League baseball career (12 games) with the Yankees in 1919. I think he made a good choice to switch to football.

"Every thought is a seed. If you plant crab apples, don't count on harvesting Golden Delicious." Bill Meyer, Baseball Manager and Coach.

Some days it's a matter of luck, some times good and sometimes bad. Vic Raschi of the Yankees was the first American League pitcher in Major League history to balk four times in a game, achieving the dubious mark on May 3, 1950.

By the way, its baseball time again so try and see a game. It's a good choice for a nice spring day.

Our next meeting is Wednesday, April 4th. Don't miss it!

Interest in our LaCasa lifestyle has been tremendous so far this year. People are finding their way to our part of Florida and are expressing their desires to become a part of our community. We usually have our busiest month for sales in April, but so far in February and March we have exceeded interest shown in previous years.

The LCRE board has been working on various promotional items that will direct more people to our website and through our front door. These promotions have been paying off with increased sales of homes. If you haven't seen our video, go to www.youtube.com and enter "La Casa North Port" in the search box to see it. We are approaching 1,000 views and growing day by day.

One of the things people like about our park is the spaciousness of the lots and the lakes. Our homeowners do a good job in keeping their homes looking attractive and neat. The HOA maintenance staff keeps our buildings and grounds in top condition. All this contributes to a positive first impression when prospective buyers are taken around the park. It is one of the things that set us apart from our competitors. We would like to thank everyone for doing their part in keeping LaCasa looking so nice. It's great to live in LaCasa!
The Artisans Group  
Jerry Thompson

The pottery, glass, and new drawing class have had a great 2012 season. First, under the new name of "The Artisans Group", there are now, three different areas being experienced and explored as we move ahead creatively. The work, in all three groups, has been really good. Many returning people, and several new folks, have been part of the fun and enthusiasm of these creative adventures/offerings.

Our season started, early in January, with a pot-luck dinner in the clubhouse, with a business meeting that followed. Several "growing pains" issues were discussed as well as some continuing problems that the group is dealing with.

The group welcomed Chris and Jill Van Antwerp. Both are retired teachers from Michigan. Chris is facilitating one of the pottery groups, and Jill is handling the business end of the club.

The 4th annual art display, on March 17, was a wonderful viewing of members work. Lavonna Carter's painting group joined in on the show again this year, and their work adds a wonderful element to the display.

Wine and finger-foods, sweet and savory, were offered by those showing their work. Pottery students were asked to bring their food offering in, or on, something they had made. The Pottery teachers tend to stress "functional work". Since all of our clay and glazes are food-safe, baking in, drinking and eating from our creations is always an option.

At our business meeting, the group voted to keep the club dues and session costs the same as in the past. Some of the dues collected in the past were used to purchase materials to build shelves in the kiln-storage room for use by the ceramics group as well as the pottery group. The pottery group provided the labor to build the shelves with assistance from "Big Steve" of the La Casa Maintenance crew. We have also been able to purchase an extruder and a slab roller. These will allow some new creative and unique options to be done with clay. There was talk of purchasing more equipment to help club members, but further discussions are necessary before that happens.

Our season ended with a group dinner on March 24th. The business meeting included a review of work done, by the instructors, a financial report from the treasurer, old and new business, and future plans for the group.

It is very rewarding to be around so many creative, enthusiastic, and supportive people here in LaCasa. This is a great place to continue our teaching careers. We are looking forward to many good experiences to come.

**Casa Photo Club**
*By Bill Gordon*

The next meeting of the Photo Club is scheduled for Tuesday, April 10, 2012 in the Computer Training Room in the Activity Building.

The club had two groups visit the Venice South Jetty in March; one group on Friday and one group on Saturday to accommodate everyone’s schedule. There are always good photo opportunities at the jetty for birds, boats and fishermen.

At our March meeting, our sunrise and sunset pictures were shown and as usual, most were outstanding. After viewing these photos, suggestions were made on how they might have been improved. This is how the members learn from one another. In March, the club also discussed techniques on “how to take good pictures at night”, how to turn a “less than good” photo into a “good” one, and also what makes a “good photo”? There were interesting comments.

The results of the voting for the first President, Secretary, and Treasurer of the club will be announced in the May La Casa Newsletter.

The assignment for April is “Birds”. Please put two bird photos on your flash drive for showing at the April meeting.

All are invited to come and see some of the beautiful photos taken by the club members. I'm sure you will be impressed. There are still no dues, so come and enjoy yourself.

See you on April 10!!

Casa Computer Club

What a great year we had at Computer Club with many interesting programs! The last Computer Club meeting of the season will be on Tuesday, April 17, 2012 at 7PM in the Rec Hall when club members will elect three new board members to replace the following outgoing members: Pat Baim, Cynthia Bateman, and Ilene Riley. The leadership, expertise and insight they provided to the club will be missed greatly but we also feel confident the new directors will provide their own leadership values.

The 11th Annual Casa Computer Club Photo Contest awards night was held on Tuesday, March 20th and as usual, there were many very good photos plus some excellent ones as well. Fourteen individuals submitted approximately 147 photos which provided an interesting challenge for the three judges. The winners are listed below.

Bird & Nature Club
by Tom Quink, President and Program Chairman

April marks the last of our Club’s meetings for the 2011-2012 season. That meeting will be on Monday, April 23rd in the Rec Hall.

We’ll begin with our traditional Pot Luck Supper at 6:00 p.m. The signup sheet will be posted on the Rec Hall bulletin board. In addition to your pot luck dish, please bring your own plates and utensils. Coffee and tea will be provided. Everyone is welcome. Following supper at about 6:45 p.m. we will present "Survival of the Yellowstone Wolves", a National Wildlife Federation DVD.

Northern Rocky Mountain wolves, a subspecies of the gray wolf, were native to Yellowstone when the park was established in 1872. Shortly thereafter predator-control was practiced and by 1940 hundreds of wolves were slain. By the late 1940s, wolf packs were rarely reported.

National Park Service (NPS) policy calls for restoring native species when: a) sufficient habitat exists to support a self-perpetuating population, b) management can prevent serious threats to outside interests, c) the restored subspecies most nearly resembles the extirpated subspecies, and d) extirpation resulted from human activities. In 1991 Congress funded the U.S. Fish & Wildlife Service (USFWS) to plan on restoring wolves into Yellowstone.

Reintroduction of wolves into Yellowstone National Park in 1995 and 1996, after a 60 year absence, has proved to be a remarkable success story for the NPS, ushering a new ecological era for the greater Yellowstone area (Idaho, Montana, Wyoming). Over 250 wolves now reside in this area. At least 10 packs make their home in Yellowstone N.P. The carnivorous/predatory wolves are restoring ecological balance to a natural ecosystem by keeping in check populations of elk, bison, moose and mule-deer, whose appetites rely on large quantities of grasses, shrubs and trees.

All La Casa residents, including renters and guests are invited to enjoy delicious home-cooking, good fellowship and an excellent program. We request a $1.00 per person voluntary donation at the door to defray expenses of scheduled speakers, and support the work of local wildlife refuges and conservation organizations. Come join us and learn how an endangered species was restored successfully.

The officers of the Bird & Nature Club thank you for your continued support. Have an enjoyable summer. We’ll see you on October 22, 2012, the first meeting of the 2012-2013 season.

Singles Club
By Marie Fogler

On March 1st eleven of our singles had lunch at the Left Coast Seafood Co. in Venice. Esther Siblet was our only March birthday lady.

On January 11th we lost one of our oldest members, Virginia Emmons. A member since 1986, the last luncheon she attended was December 9th, 2009. On January 20th, 2010 she suffered a stroke, following which she went to be with her niece in Texas. At Christmas we received a card from Virginia. She told us that she was still walking with a cane and had played Bingo three times a week and wished she could be with us "having my Bloody Mary". In her memory, we did just that! A brick from the Singles Club will be ordered for the Memory Garden.

Watch Channel 195 for news of our April 5th luncheon. Call Marie at 429-1965 if you have any questions.

April Mowing
April mowing schedule is weeks of 4/2, 4/16, and 4/30. Starting in May, mowing is every week summer schedule, weather permitting.

40 Acres
The additional clearing of Brazilian peppers along Robalo and around structure on the property is complete. We will continue to mow as required.

Exercise Equipment
The new treadmill and elliptical are installed and being used. As other equipment has been requested, these two machines were determined to be the highest need. In the coming years, replacement and additional machines will be researched and purchased as reserve funds become available.

Rec Hall Tables and Chairs
407 chairs and 68 new tables have been ordered. We expect to see delivery in April. The metal folding chairs at the Rec Hall and Club House will be available for sale to LaCasa residents, along with tables and some cushioned chairs. Availability and pricing will be posted on the Community Channel.

Landscaping
The front entrance has been spruced up with 4 Royal Palms, Flowers and Hedges. This will enhance the entrance area and strengthen security by keeping people from driving on the grass and around the gates. During the summer rainy season more palms and plants will be installed in the Community.

Sound System
An additional mke has been purchased, along with a replacement mike and hardware. The sound tech has reviewed the system and found the problem as user error, bad batteries, moved antenna and continuing to shut down equipment and adjusting the controls when not required.
Boating & Fishing Club
By Neill Schoonmaker, Commodore

Yep, the Pizza Party really did swing - thanks again to Jerry Corrao's and Sam Bedford's epicurean expertise.

Our Commodore's Ball was a success under the guise of a "Cruise" aboard the permanently dry-docked liner SS Rec Hall, with Boatswains June Sheehan, Sandy Danner, Pat Dahl, Marilyn Casey, Linda Baskerville, Dottie Freiler, Maureen Linn, Sam Bedford, Jerry Corrao and their Able Seaman cohorts.

With signal flags a-flying, Commodore Neill and his co-Captain Joyce welcomed visiting commodores from the Harbor Cove, Harbor Isles, Lazy River, and Port Charlotte boating organizations, all announced by the incomparable Mary Amos, who also heralded the honors to three-time Past Commodore Lillian Oliva. Lillian will be leaving LaCasa soon to live with her daughter in Lexington, Kentucky. Bon voyage to you, friend!

After another phenomenal pot roast dinner by ships chefs imported by Buffalo Bill's Catering Service, the voyagers tromped the deck to the hornpipes and reels provided by Anything Goes. 'Twas quite a night.

Next on tap - fishin' and eatin' at our combined Fishing Derby (with lunch) and Fish Fry Dinner on April 9th - don't miss it - everybody’s welcome to come - kids and all!

Bocce Update
By Bob Jozwiak

So we've come to the end of another Bocce competition season, and even though we didn't finish in first place, we had lots of fun. It's just getting together with a fine group of folks - namely members of the Bocce Club.

This year many new players were involved in competition with the other Parks and for their first time, did well. Next year this experience will pay off, and along with our not so new players we will be tough to beat.

Now we're looking forward to our annual picnic on Saturday, April 7th. Always a fun event and a good way to end our official season. Come out and join in the fun.

For those that leave us for the summer, stay well and be safe. Those of us that remain will try to do the same. We will also continue to play Bocce and we will look forward to our next season and the return of all our members, and we're always looking for new members.

LaCasa Tennis
By Jim Smith

In the last column, I inadvertently left out the winners of the Women's Doubles Division of our recent tournament. So congratulations to Mary Amos and Nancy Simonsen. Also it is Dick Pietraschke, not Jim, who won the Men's Doubles.

Trash and Treasure was well attended. Kathy Burnham and Irene Phillips did a great job with the Food Court. The Bake Sale table did very well. Kudos to everyone who contributed. June Sheehan suggested next year we have some sugar free baked items.

Twenty new chairs have been purchased for spectators at tournaments, etc.

Round Robin hosted by Peter Field was a well-received and helpful program that I hope will be starting again next season. Thanks, Pete, as well as your enthusiastic crew.

Jeff Cookson and Randy Alderson will be handling the "Men's A Interpark" next season.

We have 31 new members, bringing our total to 287 members.

Chair exercise is in progress before our meeting, so please keep noise level down when coming into the Hall.
